

Eastchester SEPTA Faculty/Staff Membership 2026-27

Dear Faculty, Administration, and Staff Members,

Whether you have been an Eastchester SEPTA member in the past or not, we hope you'll consider joining SEPTA this year!

You are on the front lines with our children daily, giving you a unique perspective to offer our organization. We'd love to have your input. What are your suggestions for meeting topics and guest speakers? We also assure you that parents are truly grateful to see special education staff at our meetings and events throughout the school year.

One of the benefits of SEPTA membership is the opportunity for active SEPTA staff and faculty members to receive grants for materials, special equipment, program development, and funding for special trips and events. If you would like to submit a grant request, please visit our website at eastchestersepta.org to access the grant tab.

Thank you in advance for considering membership to SEPTA. Your participation will greatly benefit our organization and the children we serve.

A special thanks for all you do for our district's students and families!

Sincerely,
The 2026-27 SEPTA Executive Board
